

CRANFORD CENTER FOR Periodontics & Dental Implants

Meet our team of 4 board-certified periodontists with **75+ years of combined experience!** With each doctor focusing on a distinct area of periodontics, together we provide the full spectrum of advanced periodontal treatments.

Mehdi Saber, DDS, MSD, FICD, FACC

Dr. Mehdi Saber is a noted board-certified specialist in periodontics and dental implants. He has served the Cranford community for over 30 years, building a reputation for his dedication to quality care. He has expertise in complex cases involving full mouth rehabilitation with All-On-X implants, treatment of severe dentoalveolar deficiencies and occlusal malfunction, POPA (pre-orthodontic periodontal augmentation), and SFOT (surgically facilitated orthodontics for accelerated treatment). As a long-time faculty member at the NYU Department of Periodontics and Dental Implants, Dr. Saber brings his educational and teaching passion to his practice. He is committed to sharing knowledge and supporting referring dentists in periodontal and implant procedures. His comprehensive approach and commitment to excellence in care and community education make him a trusted and respected professional in the field and community.

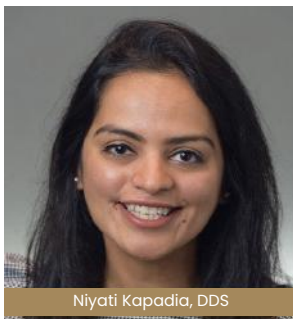

Vandeeep Bagga, DDS

Dr. Vandeeep Bagga is a CA-born and NY-raised board-certified specialist in periodontology and dental implants, known for his advanced expertise in regenerative procedures for aesthetics, implant restorations, and sinus lifts. With a deep commitment to patient-centered care, Dr. Bagga combines his technical skill with a compassionate approach to deliver the best possible outcomes. As a Pinhole Surgery certified clinician, he offers innovative, minimally invasive solutions for gum recession using the Pinhole Technique, allowing for faster recovery and improved comfort. Dr. Bagga's extensive knowledge of modern surgical techniques and dedication to long-term oral health have made him a trusted provider in the community, highly regarded by his patients and peers alike.

Samantha Aaron, DMD

Dr. Samantha Aaron is a board-certified periodontist recognized for her expertise in soft tissue management, gingival grafts, and treatments for ailing and failing implants. With a dedication to minimally invasive care, Dr. Aaron is skilled in the Pinhole Technique, a specialized approach to treating gingival recession that reduces patient discomfort and promotes faster healing by avoiding traditional incisions and sutures. Her commitment to excellence has also earned her a place on the "Best Dentist" lists in Essex Health and Life Magazine and Monmouth Health and Life Magazine, as voted by her peers. Dr. Aaron's precision and patient-centered care has established Dr. Aaron as a highly respected provider, trusted by patients seeking advanced periodontal solutions and a compassionate approach to lasting oral health.

Niyati Kapadia, DDS

Dr. Niyati Kapadia is a board-certified periodontist dedicated to providing comprehensive periodontal care through a combination of surgical and nonsurgical approaches. With a strong commitment to patient comfort and well-being, she employs advanced minimally invasive surgical techniques and osseous surgery to effectively address a wide range of periodontal issues. Dr. Kapadia focuses on dental implants, offering patients innovative solutions for restoring their smiles and improving overall oral health. Dr. Kapadia is known for her meticulous attention to detail, ensuring every procedure is performed with precision. As a compassionate provider, Dr. Kapadia is committed to helping individuals achieve not only optimal periodontal health but also lasting confidence in their smiles. Her dedication to excellence in care and patient education has earned her a reputation as a trusted leader in the field of periodontology.
